Application until	01 October 2021
Exhibitors expected	1,600
Attendees expected	160,000
Frequency	Biennial
Website	www.german-group-ccmt.com

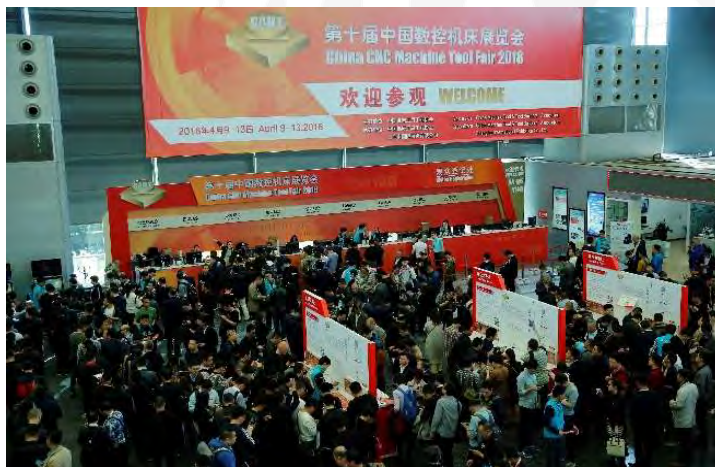

Your entry to China's heart of the automotive and metalworking region

CCMT is the sister show of CIMT in Beijing, the most authoritative platform for the machine tools industry in China and beyond. Meanwhile CCMT has been established as the second most important event for the whole metalworking, machine tools and tools industry in China and the Far-East. The last event was successfully held in April 2018 at Shanghai New International Expo Centre (SNIEC).

The sudden COVID-19 pandemic has brought a major impact to the global economy. Most of the international well-established trade shows were cancelled and the international trade relations, investments and other business activities have been seriously affected. Also CCMT 2020 was finally forced to be cancelled.

China came back on track comparable early with already a growth-rate of the GDP of 2,3 % in 2020 – for 2021 over 8 % are forecasted. This year's CIMT 2021 was held successfully again in Beijing, although most of the international exhibitors were forced to organize their presentation through their Chinese branch or distributor. In April 2022 international and domestic exhibitors can expect accordingly a CCMT 2022, which will be THE meeting-point for the whole machine tools, tools and metal-working industry after the pandemic finally has come world-wide to an end.

As officially appointed agent for Germany and German-based exhibitors at CCMT and CIMT, IMAG will be glad to support your marketing activities in China accordingly! Organized by CMTBA – the China Machine Tool and Tool Builders' Association – CCMT and CIMT are fixed on the time-tables of all related technicians, buyers, developers in China and the East-Asian region. CCMT as the Shanghai-edition of CIMT is the place to be in even years and will offer in 2022 especially a welcome back to all international visitors and exhibitors!

Product range

The who-is-who of the machine tool industry gathers from around the globe to discuss the latest innovations and technologies.

- Metal cutting machines
- Metal forming machinery
- Fabrication equipment
- Non-traditional processing machinery
- Industrial robots
- Material handling equipment
- FMC
- FMS
- Cutting Tools
- Measuring and testing devices
- Abrasive and its products
- Accessories
- Foundry machinery
- Heat treatment equipment
- Welding equipment
- Further related manufacturing technologies and equipment

Review on CCMT 2018

As CIMT 2020 had to be cancelled due to the pandemic situation, all figures are referring to the last real edition in 2018: The 10th edition of the China CNC Machine Tool Fair (CCMT 2018) was held from April 09 to 13, 2018 at the SNEC Shanghai New International Expo Center.

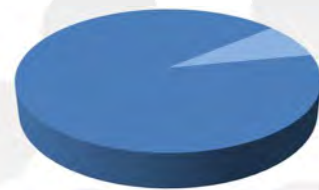

Satisfied exhibitors

89 % reached their expected results. (An increase by 8 points compared to 2016!)

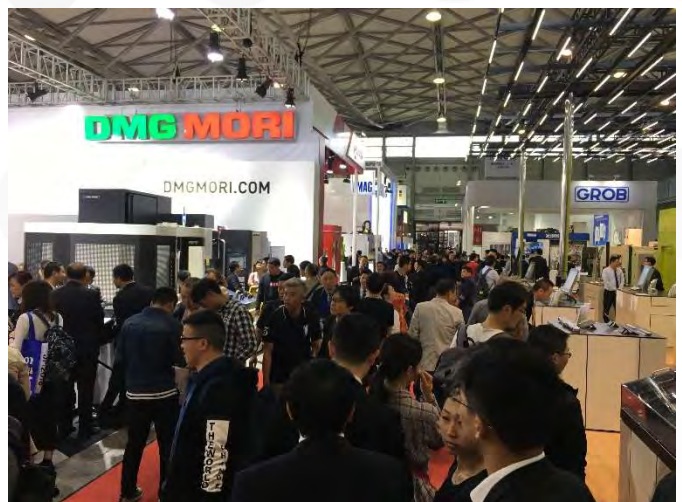

87 % highlighted the visitor quality. (An increase by 8 points compared to 2016!)

92 % were satisfied with the management and services. (An increase by 7 points!)

National Pavilions

Pavilion/Country	sqm	Exhibitors

Germany	4,500	145
Italy	528	24
Japan	2.602	23
Korea	584	8
Spain	575	9
Switzerland	1.078	34
Taiwan	5.793	81
USA	912	24
Individual	10.066	149

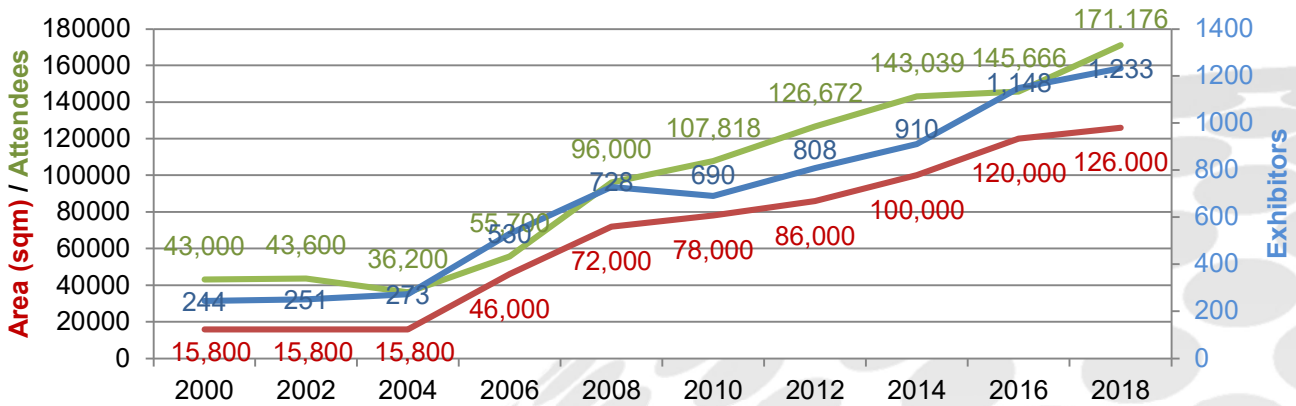

Complementary framework program

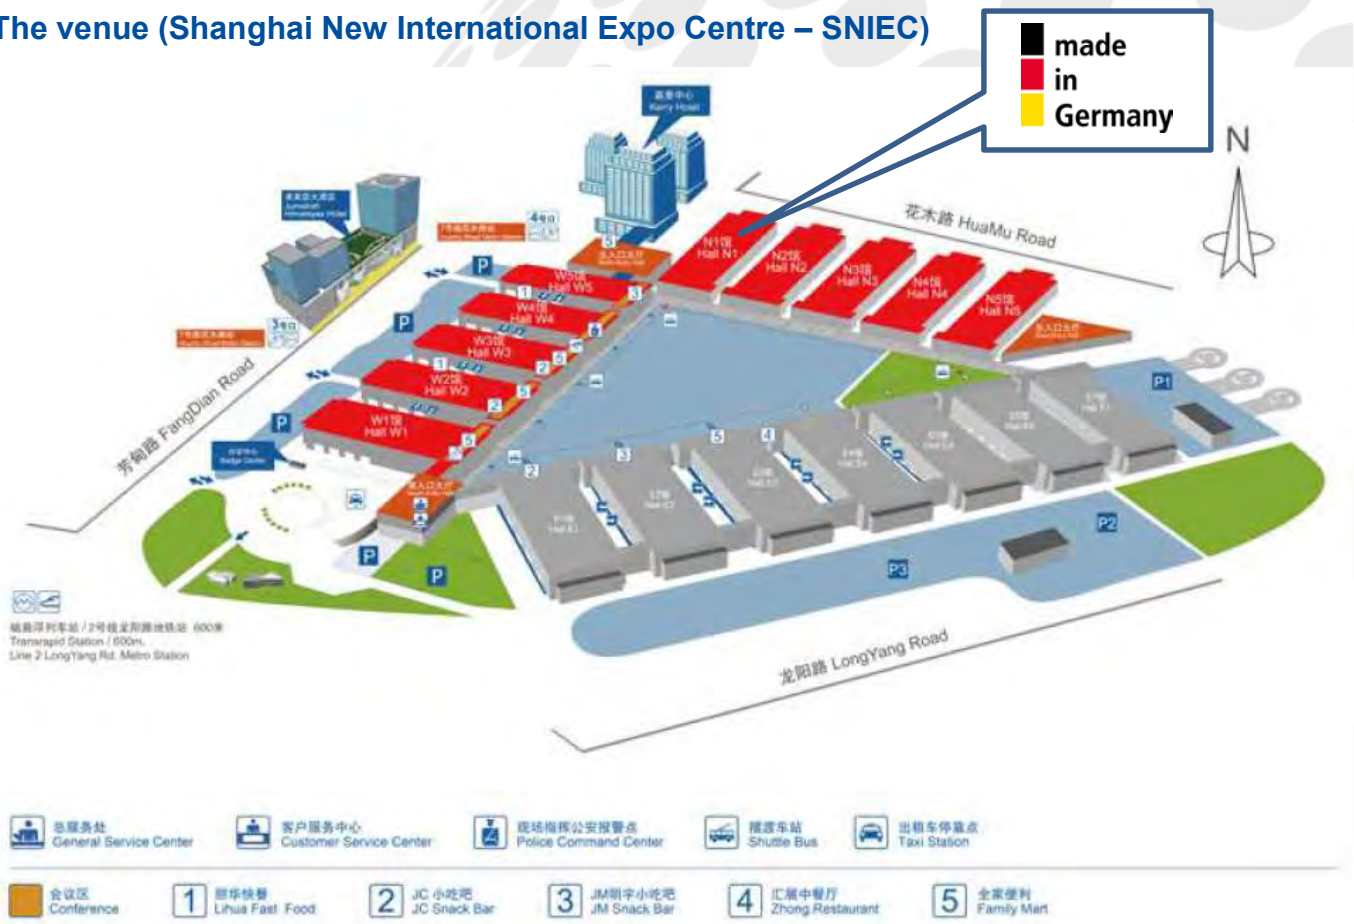

The International CEO Forum of the Machine Tool Manufacturing Industry 2018 was held prior to the show.

- 2.197 specialists from all over the world attended in
- 40 technical seminars.

CCMT – continuous growth

The venue (Shanghai New International Expo Centre – SNIEC)

The German participation has been allocated in previous years always in hall N1, near Entrance 2 and the METRO-station Shanghai New International Expo Centre. Most probably it will be allocated there also in 2022.

Reservation Form

(non-binding ! – The formal registration has to be made online before 1 Oct. 2021)

Bitte zurück an IMAG / Please return to IMAG:
